Volume 111, No. 30.

Lightning Strikes TV Tower

The new TV tower on Green Point was struck by lightning at eighteen minutes to eight on Sunday morning. Although no serious damage was done, the transmission from the station were stopped for about half an hour while fuses were replaced. Transmission resumed at 8:20 a.m.

The tower is grounded to a sheet of copper, which measures nine feet by three. This plate is buried under the surface of the soil and provides very efficient grounding for the tower.

Mr. Michael Cole, who is in charge of maintenance at the station reported that his own TV set was put out of action so that he was not certain whether the tower was still transmitting or not, until he went across to check.

It would be too long before Mr. Cole's calls for assistance in the case of serious damage to the tower, will be answered very quickly. A helicopter pad is to be constructed at the station, and the network officials estimate that repair crews will be on the scene within 20 minutes of being called.

Correction

We would like to correct an error which was printed in last week's edition of the Scanner. The list of donations to the Medical Centre Fund, given to us by the Deseronto Lions Club stated that several donations of \$100.00 each had been received from the Catholic Women's League. These donations were actually made by the Holy Name Society of St. Vincent De Paul Church, Deseronto. Our apologies to the Society for unintentionally publishing this mistake.

Lighthouses on islands manned

Three men and a dog flew by Canadian Coastguard helicopter to man lighthouses at the False Ducks and the Main Duck Islands last week.

The lighthouses are opened as the St. Lawrence Seaway starts its shipping season.

Leaving for duties on the False Ducks were James McConnell and Robert Blakely. Leaving for Main Ducks were lighthouse keeper Cole Main,

Kenneth McConnell and his samoyed dog.

Until a few years ago, the lighthouse men went to their stations by boat, but the helicopter now takes the men and their gear in a few minutes.

Three manned lighthouse stations exist in Prince Edward County, one at Point Petre accessible by road, and the lighthouses at False and Main Ducks.

Hay Bay Church restoration fund

Funds are being solicited for a \$30,000 restoration of the historical Hay Bay Church near Adolphustown.

The old church, the first Methodist place of worship held west of the Maritimes in 1792, is administered by the Bay of Quinte conference of the United Church of Canada.

As the 1792 building was enlarged by a third in 1835, it was decided to restore it to the design of the latter date. Restoration has been attempted on three occasions in this century.

These efforts have kept the church in sound condition, so that the present proposal will be a crowning touch.

An annual pilgrimage service is held at the church each Aug. 26. Over 3,000 visitors sign the guest book each year.

"This church should be preserved in the most authentic form which can be determined by historical research for the period chosen for restoration."

This year's objective is \$30,000 which will cover intended preservation and restoration.

A single donation or an annual pledge for three years may be made to: Old Hay Bay Church Restoration Fund, Box 52, Bath.

Baseball

MINOR LEAGUE

At the meeting of Town Council on Monday night, Mr. Gerald Lawlor, Mr. George Barker and Cubby Brant were present to speak about Baseball teams. There is great concern that Deseronto may not have any baseball this season because a meeting that should have been attended to enter teams was not brought to anyone's attention until it was too late, and the meeting had already been held.

The general feeling of the meeting was that it was a waste of time, money and effort to provide playing facilities for the older boys. A \$100 fine is still owing to the Eastern Ontario Baseball League because a team of older boys failed to show up for a scheduled game.

It was also alleged that money is still owing to those who had umpired last year's games, although Councillor Dickenson, Chairman of the Recreation Committee had received no bills from these people. A total of \$900 was paid out last year for baseball; this amount does not include the monies received from the Department of Education.

A meeting is to be held to iron out all these complaints and problems.

Ellis in Deseronto

Mr. Jack Ellis, MP for Hastings County, was in Deseronto Town Hall for three hours last Saturday to answer questions from his constituents. Anyone with a problem could walk in and ask their MP for help. The response was not overwhelming, but several people with problems did show up, in addition to the inevitable well wishers.

Mr. Ellis was quite pleased with the response to this, his first attempt to reach his constituents in their home towns.

Police Report

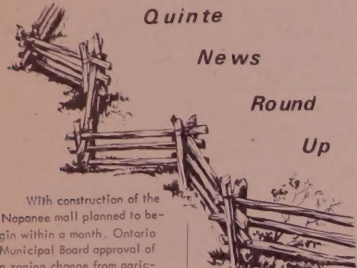

During the month of March the Deseronto police department investigated 74 complaints and 276 other calls. Ten charges were laid under the criminal code, four under the liquor control act and there were twelve violations of the highway traffic act.

In addition to the tape player stolen from a parked car at the Arlington Hotel, two bicycles were reported missing.

A young Deseronto girl, missing from home for 48 hours was found in Bancroft with a friend. The girl was returned to her home.

The three man force spent a total of 37 hours in court last month and covered a distance of 2,358 miles in the police cruiser.

Quinte News Round Up

With construction of the Napanee mall planned to begin within a month, Ontario Municipal Board approval of a zoning change from agricultural to commercial has still not been granted.

However, OMSAC Developments Ltd. President Wally Dorash said Thursday no trouble in obtaining approval of the town's request is anticipated.

Construction is slated to begin May 1, he said, with a tentative completion date set for November.

Harold Harrison has been elected president of the Prince Edward-Lennox Progressive Conservative Association for 1973. He succeeds Cecil Kidd of Napanee.

The elections were held at the association's annual meeting at the Masonic Temple where guest speaker was William Stewart, minister of agriculture.

Two abandoned bear cubs found in Effingham township have begun a new life with the ministry of natural resources.

The abandoned pair were found by a ministry crew cutting brush and since have been taken to the ministry's wildlife exhibit in Midhurst, near Barrie.

Both cubs made an appearance before school children in the Denbigh-Plevna area and at Tweed prior to being taken to Midhurst.

After five months of captivity, a young peregrine falcon found by school children northeast of Napanee is doing well in its new Edmonton home.

The falcon, which had a broken wing, was found by Enterprise Public School children and was doctored in Belleville and then returned to Napanee to be force fed until the healing process was complete.

The bird was then taken to a game farm in Alberta where his species can flourish. Now it is on the endangered list, despite ministry attempts to nurture falcon populations.

A spokesman for the ministry said the wing never mended to the point where the bird could fly, which is why it will be restricted to walking and breeding in captivity.

James Maracle and Richard Brant, both 13 and grade eight students at the Quinte Mohawk School, are taking part in a mini Indian intercultural exchange program with a Cree reserve north of Sioux Lookout.

The youths will fly into the reserve and attend school there starting next week. They will return with two students from the Cree reserve who will spend the same time here.

The young Mohawks are being accompanied by an adult resident of the reserve here, Wes Bardy.

Deseronto Ratepayers

by Mrs. Margaret Jackson

At their regular meeting held on Thursday, March 29th at the Public School explanation was given as to how a Budget is drawn up, using a sample committee budget. This was much appreciated by all present as most people did not have any idea of how a mill rate is arrived at. It also gave taxpayers an insight as to where the money goes. It is hoped to carry on with this type of educational thing at future meetings, the next one being held at the school on Thursday, April 12th at 8:00 p.m.

The new dairy policy announced today for producers of manufacturing milk was described by Ontario National Farmers' Union Regional Co-ordinator, Blake Sanford, as a "bitter pill for farmers."

"It might well be compared as a birth control pill," he said, "one that pretty well assures Canada will continue to have less and less dairy farmers, one of the country's most valuable and essential resources."

Mr. Sanford said reports that indicate farmers will pocket up to 60 cents for every hundred pounds of milk are ridiculous and misleading. Farmers will not know exactly what the increase is until they receive the first cheques

that apply under the new dairy policy.

"They can be assured it won't be 60 cents per cwt., though, and I doubt it will be 40 cents either, even after the 20 cent export levy is deducted," he said.

The NFU policy for milk producers called for \$7.00 per cwt. for industrial milk and \$8.00 for fluid milk.

COUNTY OF HASTINGS Amending Notice

FURTHER NOTICE IS HEREBY GIVEN that the application of the Corporation of the County of Hastings to the Legislative Assembly of the Province of Ontario at its next Session for private legislation with respect to the composition of and votes on the County Council shall relate to the year 1975 and subsequent years, and not to the year 1974 as previously indicated.

DATED at Belleville this 20th day of February, 1973.

RONALD W. CASS, Q.C.,
27 Campbell Street,
P.O. Box 185,
Belleville, Ontario
Solicitor for the Applicant.

Judo Winner

An invitational judo tournament was held last week between the judo students of the Deseronto Judo Club and the Prince Edward Tonino Judo Club Tuesday at PECL. Kevin Johnson of Deseronto placed second in the intermediate division.

Opinion

Canadian Meat Prices

Mr. Michael Cole of Green Point, a life time resident of Prince Edward County, and a butcher for many years, blames the government for the rising cost of meat.

Mr. Cole killed his first beef in 1919 at the age of twelve. He was taught to do this by Henry McConnell, a well known county figure, and launched his career at such an early age because his father did not like to slaughter cattle, although he butchered them. At about the same age Mike peddled meat from a cart with his father, travelling around the area from house to house.

During the early years of this century all cattle slaughtering was local, the few butchers in the county did their own killing, and bought the animals at the old Picton market each Saturday. Under this system transportation of the meat was minimal and overheads were low.

Mike feels that the present system is expensive; he estimates that an extra \$50 is added to the cost of the carcass in sales barn expenses, transportation and packing plant costs.

Cattle sold in Picton are taken to Toronto and resold, says Mr. Cole, then they are shipped to the packing plants to be butchered. After processing they are redistributed, so that a steer raised in this area, could well come back here as joints of beef after travelling to Kitchener, via Toronto and back again.

These expenses alone add about 10 cents to the average cost of a pound of beef.

Mike feels that the associations between the governments and packing plants are too close, so that the system is organized in such a way that the larger part of the profits goes to the meat packers and later the retailers. In his own circle Mike knows of only one family that lives entirely on the profits of beef farming. In his opinion the farmer should receive a higher profit, and the meat processors considerably less. Lower profits for the middlemen would mean lower costs to the consumer.

What Council Did

* Received letter of resignation from Mrs. Barbara Armitage from the Library Board with regret. Mrs. A.G. Wakelin was appointed as her successor.

* Submitted to Finance Committee a letter received from the Secretary of the Navy League of Canada, Eastern Ontario Division, Napanee seeking a grant of \$50 for their work during

by Mrs. Margaret Jackson 1973.

* Granted the Cancer Society permission to hold their general canvass during the month of April.

* At request of Reeve Lyons a Budget meeting was set for Wednesday, April 11th at 7:30 p.m.

* Granted Salary increases as follows:-
to Clerk Sam Knapp an increase of \$935 for 1973;
Mrs. Blanche Detlor (tax collector and ass't to Clerk) \$650 for 1973;
Salaries of both Police Constables raised from \$6,000 to \$6,600 p.a.;
Salary of Chief Police raised from \$8,500 to \$10,000 all retroactive to Jan. 1st, 1973.

* Heard a report from Councillor Dickinson in connection with the letter read

at last meeting from the Federal Winter Capital Projects Fund. With relation to the Deseronto Arena he felt that if planned properly, with professional advice from the Engineering standpoint, full advantage could be taken of government aid available. His committee is working cautiously towards this goal and will report back as progress is made.

* After much discussion a motion was carried to petition the Government to allow the sewer charges to be included on tax bills to enable the taxpayer to claim a rebate on his income tax under the Shelter Rebate Plan."

* Councillor Dickinson reported that he had attended a meeting recently in connection with the Task Force on Housing at which time he had presented a brief on behalf of the Deseronto Town Council.

* Carried a motion to allow Streets Chairman Jim McVicker to purchase oil, for laying of dust, not to exceed \$500 for year of 1973. Councillor McVicker explained that this would be a light oil for the purpose of laying dust only and that it was available from Ace Oil Services, Toronto at a cost of \$218.00 for 2,000 gallons. This is expected to do a better job and be much cheaper than calcium chloride. The town has adequate storage, its own trucks to apply the oil and it is planned to apply it to shoulders of most roads and the whole of Mill Street and any other streets used heavily by trucks.

* Heard the Mayor, as PUC Commissioner, report on recent meeting held between the PUC and McLean Hunter Communications who wish to

rent the Town Water Tower for purpose of installing a two-way radio aerial. The contract has been approved in principal but was subject to the Engineers' specifications and approval. The Mayor asked for a motion authorizing the PUC to sign the contract but this was questioned and a decision was made to wait until the Engineers' approval had been given and contract drawn up before making such a motion. This was agreeable to the Mayor who will report back to the PUC at their next meeting.

* Passed a motion "that the Clerk advise the Ministry of Agriculture and Food that the Town is in process of procuring a weed inspector for 1973 and will advise of the appointment within a month." Difficulty has been encountered in finding someone willing to do this job as it had never carried any pay but it is possible that some remuneration will be made available in the near future.

* The meeting adjourned after hearing from citizens present as follows: -

* One taxpayer asked whether or not the sewer charges collected were held in a special account and if a public statement would be made available in regards to these funds. The Mayor answered these questions, "yes", there is a separate sewer account and the public statement would be made after the annual audit."

* Councillor Gardiner is to complete a questionnaire from Hastings County Council concerning the declining deer population in this area.

The Police Department also reports the sale of 38 dog tags and 60 bicycle licenses.

Couple celebrates anniversary

A tea and reception was held for Mr. & Mrs. Gordon Walker to celebrate their 50th Wedding Anniversary, at Stover Hall on Sunday April 1st, 1973. Mr. & Mrs. Walker were married on March 29th 1923.

Three of their children attended the reception, Dan of Kingston, his wife, Muriel and their three boys; Marjorie and her husband Arthur Bujowski, came from Long Island, New York, and brought their two boys; and Harry of Toronto was also present. Many friends and relatives, some of whom had not seen the Walkers for many years were also there. In all, about 175 to 200 guests attended the reception between the hours of 2 to 3 pm.

Mrs. Walker wore a street length dress of embossed white and silver material, with a gold corsage. Mr. Walker had a gardenia boutonniere. The three tiered cake was decorated with large gold and silver candles, and the tea tables had centrepieces of gold daisies.

The couple was presented with a bouquet of yellow roses by Father Van Der Heijden on behalf of the Quinte Old Timers.

Music was provided by a trio led by Bill Badgley, a family friend.

Greetings were sent by the Prime Minister, the Ontario Government, a member of the Opposition and the Lieutenant Governor of Ontario. Plaques were received from the Ontario Government and from the Prime Minister.

Because of the large number of guests, it was necessary to have a number of ladies to help with the refreshments. The following ladies poured tea:

Mrs. John Lyons, Miss Mrs. John Lyons, Miss B. Rixen, Mrs. H. Blackburn, Mrs. J. Mc Caw, Mrs. A. Hazzard, Mrs. M. English, Mrs. H. Transue, Mrs. J. Reynolds, Mrs. F. Pringle, Mrs. K. Kempster, Mrs. L. Anderson, Mrs. C. Young.

The party was an unqualified success and was greatly enjoyed by all those who attended.

Wedding Bells

Mr. and Mrs. Lorne Hartwick of Deseronto are pleased to welcome a new member to our family through the coming marriage of our daughter Katherine Lorna to Mr. Norman Arthur Vallillee, son of Mr. and Mrs. Arthur Vallillee of Ottawa. Their wedding will take place at the home of the bride's parents May 12th, 1973 at 11 a.m.

Cards of Thanks

THANK YOU

The family of the late Carl Winfield Denison wish to express sincere thanks to relatives, friends and neighbours for floral tributes

and acts of kindness during their recent bereavement. Special thanks to the Tierney Funeral Home, Napanee.

Marie Denison and family.

Have you claimed your credit?

Even if you don't pay income taxes you may benefit from the Ontario Government's new Property Tax Credit Plan, but you must apply by filling in a 1972 Income Tax Return.

You'll find a special mauve claim form just for that purpose in the 1972 income tax kit. An explanation of the plan is right on the form.

The new Property Tax Credit Plan provides greater benefits for more—the elderly, roomers, boarders, and low income families.

If you paid property taxes or rent last year, you may be eligible.

Pick up a tax return kit at any post office, if you haven't already got one. And send in both the tax return and the mauve claim form. But do it quickly—remember returns and claims are to be filed by April 30th.

Your federal District Taxation Office will be glad to answer any questions you might have.

The Ontario Property Tax Credit Plan: we thought of it, but we'd like you to get the credit.

TITLE: Are You Ready

Text: Rev. 20: 11-15

I would like you to take note of today's text. They are not my words, but they are the words of Almighty God, telling us of every unbeliever's fate for their rejection of Jesus Christ. Today's message is for those who have never accepted Christ. I am talking to you about the Great Judgement Day, when sky-scrapers will have fallen, when the wheels of industry have ceased turning, when the places of amusement such as the cocktail bars and theatres and all other places in the world will be empty. First, God will call for the dead to be brought forth. And when they go before the great Judge, they will be crying for places to hide - but they will find none - for their Day of Judgement is finally come. The Bible says there will be only one question in that day - what did you do with Jesus?

There may have been many sins that you have committed, but the one great sin that will condemn you to hell is the rejection of Christ as your Lord and Saviour.

Reader, if you would believe in the Son of God - you will enter into the presence of Christ when it comes time for you to leave this earth (Rom. 10:9; 1 John 1:12). I ask you this question - are you ready to meet God? If you were to die within the next moment - would you go to heaven? Remember, your Day of Judgement is yet to come.

CARRIER ARRIVAL EARLIEST

The cement carrier Metis, a Canada Steamship Lines vessel, docked at the Lake Ontario Cement Company Ltd. on Monday, March 26, marking the earliest shipping date in the plant's

Early Fish Runs

The annual spawning run of fish in the Bay of Quinte area is about three weeks ahead normal this year.

The earliest run known in decades has also brought out poachers and a number of charges already have been laid by patrolling conservation officers.

Pike began heading up-river more than two weeks ago. Pickerel are starting their annual run now.

Ministry wildlife patrols, reinforced by conservation officers from other ministry offices in the northern areas of the Quinte district, are being assisted by provincial police in protecting the spawning fish from poachers.

Already a number of seizures of poaching equipment have been made, and eight charges have been laid for fish-spearing and other violations.

Clinic Meets Quota

Wednesday, March 28 saw the largest Blood Donor Clinic ever held in Picton.

An appeal was made for 270 donors, the largest quota ever; this goal was realized by collecting 271 pints of blood. A total of 17 people were rejected, which made a total of 288 donors who attended the clinic.

COUNTY OF HASTINGS

Tenders for Road Materials

SEALED TENDERS, plainly marked as to contents, will be received by the undersigned until Noon on

Thursday April 12th 1973

for the following materials, as may be required during 1973.

Box 700, Owen Sound, Ontario.

body found

A six year old Deseronto boy, playing in Finland's Lane on Monday evening, discovered the body of an elderly man, floating in Sucker's Creek.

He reported the matter to his mother, who notified the police.

The body was identified as Clifford Claus, 74, of Brant Street, Deseronto. He was

fully clothed and showed no sign of injury.

Police spokesmen said today that foul play is not suspected at all, but that the cause of death can not be announced until the Coroner's findings are made known. It has been suggested that Mr. Claus died from natural causes and later fell into the water.

High Water Threat

Lake Ontario continues to rise, posing a flood threat to Outlet provincial park beach.

A park official says high water this year could swamp 40 per cent of the park's flat beach front.

Other evidence that flood problems are materializing around Bay of Quinte shorelines include:

- Docks awash in Belleville's inner harbor.
- Similar problems at

Sewage effluent

There's a problem

Environment officials in Toronto admitted there are water quality problems in the Kingston area, but minimized the danger.

The admission follows the disclosure that Kingston is dumping 35 million gallons of sewage which has received only primary treatment into the St. Lawrence each week.

The disclosure was contained in a report by the city works commissioner, Donald Ross, who said that "half the human excrement of the City of Kingston is

discharged into the downstream domestic water supply."

"This sewage has been treated with chlorine and bacteria has been killed," he said. "It is primarily a nutrient that is going into the water and the large volume of water dilutes these solids."

The city is spending about \$1 million this year to expand the primary treatment plant.

Equipment for removal of phosphates will also be included in the project.

Primary treatment removes about 50 per cent of the solids from sewage while secondary treatment removes up to 85 per cent.

The city plans to introduce secondary treatment at the Ravensview plant in 1977. A total of \$3 million has been included in the 1977 capital budget for the project.

Indian Dancers Visited Europe

Recently returned from Europe, is Laurie Claus, a native of Deseronto, better known in many parts of the world under his stage name, Chief Running Thunder.

Mr. Claus led a troupe of Indian dancers on a tour of Europe, during which they visited five major cities in Germany and some in Holland.

Their programme of ritual dances of the North American Indians was enthusiastically received wherever they went, in fact Mr. Claus was presented with the key to the city of Aachen, near the Dutch border, and was also made a life member of the Carnival Society.

The troupe consisted of three girls, one male dancer, and Mrs. Claus who did the drumming and chanting.

Three of the dancers are Ojibways.

Next year Mr. Claus plans to tour Belgium, Austria, Switzerland and Holland and with his troupe in response to invitations he has received.

The dancers are well known in Deseronto and have performed at the Mohawk Fair, where they will be appearing again this fall.

Mr. Claus was born on the Tyendinaga Reserve, he is the son of the late David and Margaret Claus, and grandson of Sampson Claus, who was chief here for many years. He has been an entertainer for a number of years and has appeared on radio, TV and in movies. His youngest daughter Judy went to Europe with him. She also performs Indian dances.

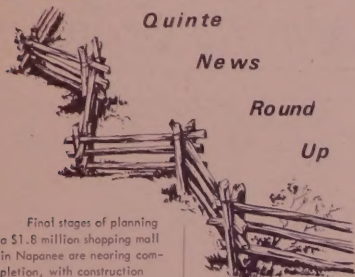

For women

All ladies are welcome to come to Stover Hall, United Church, Wednesday, April 11th (today) at 7:30 p.m. to hear Mrs. George Ward from the Belleville Chapter of the Cancer Society. Her topic will be "What Every Woman Should Know".

News

Round Up

Final stages of planning a \$1.8 million shopping mall in Napanee are nearing completion, with construction slated for next month.

Town councillors unanimously passed two by-laws involving changes to the official plan and restricted area bylaw. Changes had to be made to facilitate a six-acre addition of land to the 10.7 acre site.

Ontario Municipal Board approval of a zoning change from deferred agriculture to commercial is still awaited.

Prince Edward Region Conservation Authority is trying to persuade the ministry of natural resources to provide a full-time conservation officer for the county.

At present the county is serviced by conservation officer James Ives working out of an office in Napanee.

The request is to be sent to the minister, Leo Bernier and to James Taylor, MLA, Prince Edward-Lennox.

David Thompson of Napanee, approached council with a plan to rid the town of roaming dogs.

He said the animals would be carted to a friend's dog kennel being constructed in Deseronto.

"We'd like to clean this town up and make an example for other municipalities," he said.

When the town garbage truck ran into a small tractor storage shed at the Picton fairgrounds, no insurance was payable because both the truck and the shed were owned by the town.

Clerk Andrew Jarvis told council that he was told by the insurance company that no payment is made under those circumstances.

Building permits issued in Picton during March included

two for 12-unit apartment buildings, one on Bridge Street and one on Spring Street.

The permits, each for \$115,000, were issued to William Pannell for the Bridge street property to be built near the Gentile Store and one issued to Oakley and North for Spring street on part of lot 1533.

Three of the eight members of Picton Town Council have declared a possible conflict of interest and declined to discuss or vote on the town accounts.

Declaring an interest were Mayor H.J. McFarland, Deputy-revee Ross Crankwright, of Grindrod Motors and Councillor Jack Evans, a Gazette editor. Mr. McFarland's declaration was in respect to his construction company and the others related to their places of employment.

One councillor observed that in a small town it was possible everyone could declare an interest in town accounts because of their contact with various companies.

A funeral service was held Thursday for Harold Brock Sipes, 56, who was found hanging in a Napanee police cell on Sunday.

A quiet service was held at Tierney Funeral Home. There are no known family survivors of the man.

Mr. Sipes lived alone on R.R. 5, Napanee, house and was unemployed.

Two constables spotted a man inside the Dundas street Beamish store around 1:33 a.m. Sunday. He was charged with breaking and entering and lodged in a cell. Twenty minutes later, he was

found hanging from the bars in front of the cell with his shirt knotted around his neck.

For the second time in seven years, Napanee Town Council voted to retain the Police Committee to govern the seven-man police force.

By a 5-3 vote council rejected a recommendation that a police commission replace the council-controlled five-man committee.

Napanee police and council have reached an agreement concerning the 1973 contract after negotiating for only three meetings.

The agreement has not been signed and no information was released.

Napanee town councillors increased honoraria from \$15 to \$20 a meeting, including committee meetings, last week.

The question passed on a five to three recorded vote. Coun. Clarence Milligan was not present.

Against the increase were Reeve Glenn C. Herrington, chairman of finance; and councillors Peter Webster and William Roycraft.

Tenders are to be called this week by the ministry of transportation and communications for work on the sub-structure of the Bay of Quinte bridge between Rossmore and Belleville.

The contract on bridge number two of the causeway area includes the replacing of structural steel.

The work is scheduled to commence May 28 and be completed by Sept. 7.

Two hundred muskrat

traps valued at more than \$500 were reported stolen at West Lake.

The owner, Elmer Duetto, of R.R. 8, Picton had left the traps along the shore of the lake near MacDonald's Island, after discontinuing his trap line for the season.

Provincial Constable James Ramsbottom is investigating.

The beef boycott could very well backfire claims James A. Taylor, MLA for Prince Edward-Lennox.

Mr. Taylor said the farmer was certainly not making more than he is entitled to with the present costs

involved.

He said the boycott was unfair and could backfire on the consumer because it would encourage a drop-off in production which would again result in even higher prices.

The number of children in the care of the Children's Aid Society of Prince Edward County has decreased over recent years.

Garth Smith, local director, said that at the end of 1972 the Society had 55 children in care.

Mr. Smith said with less children in care the society's workers are able to give more time and more counselling to these children.

Very few children under the age of two were now the concern of Children's Aid, and more and more older children with personal problems and emotional disturbances were involved.

Tenders are to be called shortly for new facilities at the Quinte Regional Detention Centre, Napanee.

The single-level building with floor space of approximately 3,000 feet is to provide a three bay garage, storage and locker areas, washrooms, a garbage room and an assembly room for inmates arriving at the centre by bus.

The Church of St. Mary Magdalene, Picton will be sponsoring a children's mission as part of its 150th anniversary celebrations.

It will take place in the church Monday through Friday after school from 4 to 5 p.m.

All children of the county between the ages of 5 and 12 are invited to attend. Refreshments will be provided as well as Bible stories, puppets, songs, prayers, quizzes and "Great Bear."

A group of interested citizens met recently at Queen Elizabeth School, Picton to discuss the possibility of establishing nursery school facilities in Prince Edward

County.

The group feels a definite need exists for both normal child and retarded child pre-school care, for two to four year olds.

Parents or individuals interested in working with the committees or in obtaining further information may call Mrs. Phyllis Sibthorpe, Prince Edward association for the mentally retarded at 476-2208; Mrs. Judy Durant at 476-6115 or Mrs. Edna Theakston, 476-6288.

Napanee Police constables investigated over 500 occurrences last month, and worked a total of 39 hours overtime during the month. Sixteen charges under the Criminal Code, 16 under the Liquor Control Act and four under the Highway Traffic Act were issued.

Friends and relatives were guests at the Main Street, Picton home of Mrs. Maude Conway Monday afternoon to help her celebrate her 93rd birthday. Born in Cherry Valley and a lifetime resident of the County, she has lived in her Main Street home for the past 29 years. Living with Mrs. Conway is her sister, Mrs. Hanna Patterson, age 80.

About 30 pupils at the Morven School for the retarded took part in a special service designed to educate the public about mental retardation. The program was to kick-off education week in Napanee.

Mrs. Dorcus Martin, principal of the school, said the program showed the people that the children can sit still for an hour "just like everyone else."

Picton Town Council was informed this week that a committee of the Recreation, Parks and Community Centre Board was drawing up an outline of the duties of Recreation Director Wayne Ring.

Deputy-reeve Ross Crankwright, chairman of the board, made the announcement and said the committee was composed of Councillor Larry Richardson, H.J. McFarland, Jr., and Douglas Porter.

Mr. McFarland said he had tendered his resignation as a board member effective

March 31, due to pressure of business.

The Prince Edward County Board of Education's 1973 estimated expenditures and revenue are as follows:

Total estimated expenditures are \$55,101,085; less an estimated revenue and 1972 overlevy \$4,112,922; produces a local tax levy of \$988.163.

TYENDINAGA NEWS

The Tyendinaga Indian dancers have had a busy schedule for the past week. They performed at both the Governor General's visit to Kingston on Thursday and at a party in the Women's Prison in Kingston, last Sunday.

The visit of the Governor General and Mrs. Roland Michener was part of Kingston's Tercentennial celebrations. Two scarlet-clad Mounties saluted the distinguished guests onto the stage, and later during the ceremony, fifty new Canadians from 19 different countries swore their oaths of allegiance before their excellencies.

The programme included the senior citizens choir, the Kingston Youth Concert Band and the separate school choir. A highlight of the ceremonies was the Tyendinaga Indian dancers who performed the Fish, the Sioux and the Racoon Dance.

At the party in Kingston's Women's Prison on Sunday night, the dancers attempted to teach MP Flora MacDonald the steps of the Racoon dance.

The party was an annual event held by the sisterhood of Indians who are inmates in the Prison for Women.

Prize winners at the Mohawk Women's Guild card party held on Tuesday, April 3rd at the Community Centre Tyendinaga. Reserve were as follows:

Ladies 1st - Elsie Andrews
Ladies 2nd - Helen Spencer
Consolation - Myrtle Brant

Men's 1st - Francis John
Men's 2nd - Art Barberstock
Consolation - Melvin Maracle

Most lone hands - Harry Maracle
Gorline
Door Prize (groceries) - June Maracle

Lucky Draw on handcrafted candle - Francis John
Ron Brooks was the winner of the lucky draw on article donated by Mrs. Ruby Maracle.

Death

CLAUDE - Clifford of Deseronto passed away on Monday, April 9th, 1973 in his 75th year. Dear son of the late Arthur Claus and the late Margaret Maracle. Dear brother of Marie, Mrs. Edward Lindsay, of Deseronto; Ruby, Mrs. Everett Woodruff of Cincinnati; William and Donald of Hamilton. Predeceased by two brothers, Stifford and Wesley. Resting at the White and Morris Funeral Home until Thurs. April 12th, hence to Christ Church for funeral service at 2 pm. Rev. Cyril Betts officiating. Interment at Christ Church Cemetery.

PROJECT CANADA

On November 22, 1972 the grade four and five class of Mrs. Joyce Tucker, of the Deseronto Public School sent a letter to Project Canada to ask to be twinned with another grade five class, anywhere in Canada. About one month later we got a letter back saying we could be twinned with a class in Port Edward, B.C.

Mr. Bob Warren is the teacher of the grade five, Port Edward Elementary School. A lot of the children, including myself wrote letters back and forth by mail. We have just recently written to them.

Port Edward is located by the Panhandle of Alaska and by the mouth of the Skeena River. Port Edward is near the large city of Prince Rupert on the Pacific Ocean.

Port Edward has no many stores, with the population of about 800. If you were to see Port Edward yourself you would say its main industry is fish. In the Summer, Winter, Fall and Spring most of the people other than the children are at the cannery canning fish. Some of the fathers in the Wintertime build boats.

At this time of year, there are many boats going out on the Skeena River and the Pac-

discotheque owner defies closing order

Napanee's discotheque re-opened on the weekend despite health unit orders that it remain closed.

Brian Purnell, who leases the sandstone building from Toronto businessman Reuben Copp re-opened his establishment Friday after being closed since Wednesday by the Napanee branch office of the

ifric Ocean with a large net. With this net they catch many fish. There is a large tube with the length of about 60 yd. and the diameter of about 1 ft. which is set up in the boat. The tube has suction which causes the fish to be pulled all the way into the cannery. Then the people take the fish and can them. So you see while the people are canning the fish the fish are being sucked in from the boats.

A few miles from Port Edward are some villages such as Sunnyside Cannery which maintains a cannery but is taken as being part of Port Edward. Those kids come on buses to Port Edward School every morning.

There are many types of people that live in Port Edward, such as Chinese, Japanese, Eskimos, Indians and other Canadians. There are quite a few children in their families.

Some kids have sent us their pictures and maps of their town and district. We have sent them our class picture, maps of Deseronto and the Reserve and a history of Deseronto.

We enjoy having penpals and finding out about British Columbia.

By Shelly Ziemann
Room 14 Grade 5.

I have a dog called Monquic. She is a little black poodle. She likes to play with our cat Tiger. She likes to fetch balls and sticks. When somebody hits us Monquic barks at them. That is the story of my poodle.

by Todd Ziemann
Age 8.

Kingston, Frontenac, Lennox and Addington health unit.

A health unit inspector verbally ordered him to close the lower floor until plumbing was thoroughly inspected.

Because the health inspector's complaints were in relation to the plumbing affecting a snack bar on the premises, only the food outlet was closed on the weekend.

syrup production down

Mr. and Mrs. John Kerr, who operate a sugar bush in the Northport area, say that the sap run this year has been exceptionally bad, with production well down in comparison with last year.

The reason for this is that for the sap to run, the temperature at night must go down to about 15 degrees, and then warm up for four days, in order to produce a

Theatre revival proposed

A number of Local Initiatives programs are being considered for Prince Edward County including a revival of the Regent Theatre for the summer months.

The application proposes opening the theatre for plays, movies and features such as amateur nights and country and western nights. It also proposes using the location for an information centre.

run. Because of the warm nights this year, there have only been two or three runs, as compared to four or five runs last year.

Baseball

by Del Wannamaker

At a meeting held at Wayside Inn, Shannonville last Sunday, Mr. Del Wannamaker of Deseronto was elected manager of the Shannonville Hawks. This is the

senior club that competes in the South Hastings League against Latta, Cannifton, Melrose, Reserve and Reid.

The season is scheduled to start on May 20th and Mr. Wannamaker hopes to find some new players to help "beef up" the Shannonville Roster.

The club is to operate under a set of by-laws which were set forth at last Sunday's

meeting. Under these rules the new manager will have more control over the players, including the authority to fire players for breaking the rules of baseball.

The next meeting of the Hawks is scheduled for Sunday, April 15th at 1 p.m. It will be held at the Wayside Inn, Shannonville, and interested players are encouraged to attend.

Tickets for a fish fry and dance, to be held on Saturday, April 21st at the Wayside Inn, will go on sale this week. Entertainment will be supplied by the new management of Wayside Inn. Mr. Wannamaker is hopeful that this function will be well attended, since its purpose is to raise funds to meet expenses for the Shannonville Hawks.

Notice

OF APPLICATION to the Ontario Municipal Board by The

Corporation of the Town of Deseronto, for approval of a by-law to regulate land use passed pursuant to Section 35 of the Planning Act.

TAKE NOTICE that the Council of the Corporation of the Town of Deseronto intends to apply to The Ontario Municipal Board pursuant to the provisions of Section 35 of The Planning Act for approval of by-law number 4-73 passed on the 5th day of March, 1973. A copy of the by-law is printed below.

THE CORPORATION OF THE

Town of Deseronto

BY-LAW NUMBER
4-73

A BY-LAW TO AMEND BY-LAW NUMBER 1466 BEING A BY-LAW TO REGULATE THE USE OF LANDS, THE LOCATION, CHARACTER AND USE OF BUILDING AND STRUCTURES IN THE TOWN OF DESERONTO

THE COUNCIL OF THE CORPORATION OF THE TOWN OF DESERONTO ENACTS AS FOLLOWS:

1.
 - (a) That Section 4.0 of the residential zone be amended by the inclusion of the word clinics immediately after Nursing Homes.
 - (b) That Sub-section 4 (1) (a) be added to the Residential Zone and inserted immediately after Section 4, Sub-section 1 as follows:
- 4 (1) (a)

Clinic is defined to mean a building or portion of a building used solely for the purpose of consultation, diagnosis and treatment of their patients by one or more legally qualified physicians, dentists, optometrists, chiropodists, chiropractors or drugless practitioners, together with their qualified assistants, and without limiting the generality of the foregoing the building may include administrative offices, waiting rooms, examination rooms, treatment rooms, laboratories and pharmacies used in connection and forming part of the practices, but shall not include accommodation for in-patient care or operating rooms for major surgery.

THIS BY-LAW shall not come into force and take effect until approved by the Ontario Municipal Board.

Read a first time this 5th day of March, 1973,
Read a second time this 5th day of March, 1973,
Read a third time this 5th day of March, 1973 and finally passed.

"Samuel E. Knapp"
Clerk

"J.W. Sharpe"
Mayor

A note giving an explanation of the purpose and effect of the by-law and stating the lands affected thereby is also furnished herewith.

ANY PERSON INTERESTED MAY, within fourteen (14) days after the date of this notice, send by registered mail or deliver to the clerk of the Town of Deseronto at Box 310, Deseronto, Ontario, notice of his objection to approval of the said by-law, together with a statement of the grounds of such objection.

ANY PERSON wishing to support the application for approval of the by-law may within fourteen (14) days after the date of this notice send by registered mail or deliver to the clerk of the Corporation of the Town of Deseronto, Town Hall, Deseronto, Ontario, notice of his support of approval of the said by-law together with a request for notice of any hearing that may be held giving also the name and address to which such notice should be given.

THE ONTARIO MUNICIPAL BOARD may approve of the said by-law but before doing so it may appoint a time and place when any objection to the by-law will be considered. Notice of any hearing that may be held will be given only to persons who have filed an objection of notice of support and who have left with or delivered to the clerk undersigned, the address to which notice of hearing is to be sent.

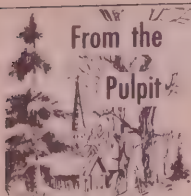

THE LAST DATE FOR FILING OBJECTIONS will be April 26th, 1973.

DATED at the Town of Deseronto, this 11th day of April, 1973.

S.E. Knapp,
Clerk-Treasurer
Box 310,
331 Main Street,
Deseronto, Ontario.

SUMMARY

The purpose of By-Law 4-73 is to amend the provisions of zoning By-law 1466 to provide for the erection of a clinic or clinics in the residential zone of the Town of Deseronto. The type of clinic to be erected is defined in amending By-Law 4-73. At present the residential zone provides for rooming houses, row houses and nursing homes, but does not provide for the erection of clinics.

Deseronto Pentecostal Church
TEXT: Hebrews 11: 1-6
Title: The Importance of Faith

(But without faith it is impossible to please him: for he that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek him). (vs 6)

Faith is the very first requirement for anyone who would do anything pleasing to God. This includes those who do not know the Lord and those who need the Baptism, healing and other various problems to be solved.

One cannot come to God unless they believe that there is a God, and that He does hear prayer. Without faith one cannot be saved, or pray, or live victoriously, or please God in any way. Unless one's faith becomes greater, their lives more purer, their prayers more effective, then the study of God's Word will be in vain.

One can grow in faith by learning the Word of God. One must learn to know that the Bible is the only source of faith. I say this because it is the Bible that makes a learned man, a well read man, a wise man, a saved man, a humble man, and a well equipped man. Anyone can have faith. The faith that Abel and Enoch had, should be the same type that I should have and should be the same type that all of God's children should have. All the Bible heroes had a great deal of faith. It was by faith that Abel offered; it was by faith that Enoch was translated; it was by faith that Noah prepared an Ark; it was by faith that Abraham when he was tried offered up Isaac as a sacrifice; it was by faith that Isaac blessed Jacob and Esau concerning things to come; it was by the faith of his parents that Moses was hid for three months; and there are many other instances of faith throughout the Bible. Christ Himself said, "Have faith in God."

Mr. Al Smith, who is presently engaged in a research project into the two Deseronto air bases, Camp Mohawk and Camp Rathbun, recently unearthed a rare book which contained the following description of Deseronto:

The Town of Deseronto is on the north shore of Lake Ontario, some 130 miles east of Toronto. Between it and the main body of the lake, lies the island county of Prince Edward. Here, at points three miles west and one and a half miles north, were selected the two aerodromes of camps Mohawk and Rathbun, the former being part of an Indian reserve, the use of which was secured through the agency of the Department of Indian Affairs at Ottawa, the latter being a level farm owned by a prominent family in the town of Deseronto. Work commenced during April, 1917, and was sufficiently far advanced to enable machines to take the air in the following month.

The technical equipment at Mohawk ultimately consisted of twelve flight sheds (four squadrons), with complete provision for aeroplane repair and ground instruction, the engine repair work being done in rented sheds in the town of Deseronto. The aerodrome itself was unusually level and the surrounding country fairly open. A large amount of flying took place, of course, over water. Within easy reach to the eastward lies that exquisite expanse of the St. Lawrence River which encircles the Thousand Islands.

The camp buildings, centrally heated, crowned an eminence lying between the aerodrome and the water's edge, a beautiful site which commanded an excellent view of the adjacent country. Mohawk, with the neighbouring camp of Rathbun, was occupied during the early summer of 1917 by the 43rd Wing, headquarters administration being housed in the Town of Deseronto, from which both camps could easily be reached.

The development of training, confined at first to aerial work, was carried to the point of giving ground and

FIFTY YEARS AGO

gunnery instruction, and an excellent range was constructed near the barrack buildings. Water was drawn from the lake nearby and chlorinated for use, while ample electrical facilities were secured from the transmission circuits of the Provincial Hydro-Electric system.

By November, 1918, the accommodation for this unit was sufficient for 71 officers, 320 cadets, 69 warrant officers and sergeants, and 450 rank and file.

Camp Rathbun, one and a half miles north of Deseronto, was topographically very similar to Mohawk, but comprised a lesser acreage. During the autumn of 1918, the accommodation there was also increased, and a central heating plant erected in order to keep all buildings thoroughly comfortable during the winter months. There was provision for 53 officers, 246 cadets, and 330 other ranks. Water was chlorinated and drawn through the municipal system of the town of Deseronto, and electrical energy secured as at Mohawk.

Both the above camps were occupied by the 43rd Wing during the summer of

1917, and by the 42nd Wing during the summer of 1918. In the intervening winter, Camp Mohawk afforded accommodation for one half of the Cadet Wing held in Canada in training during that particular period.

Wing headquarters have always been in Deseronto, and there also, during the summer of 1918, permanent housing was erected for that section of the occupying Wing engaged in repair, motor transport and similar work. Here too was housed the headquarters staff.

Women civilian subordinates were largely employed at Deseronto, making their temporary homes in the town, and radiating out to the two flying camps.

Volume III - No. 32

Mr. Jim Sword, Manager of the Deseronto Branch of the Canadian Imperial Bank of Commerce, presents a cheque for \$500.00 to Carl Beattie, president of the Deseronto Lions Club, as a donation to the Medical Centre Fund.

Odor rule demanded for former urban folk

What's sauce for the goose is sauce for the gander. This was the mood at the recent pork marketing board convention when it came to government rules about construction of new livestock barns.

Delegates voted solidly for a move that would apply construction regulations to urban expatriates as well as livestock farmers.

Brant farmer Henry Guichelaar explained his own predicament: "A fellow bought a two-acre lot with river frontage next to my farm. It's a beautiful piece of land. Now he plans building a house.

"Now guess what I've been told by the local planning board? I can't build a livestock barn within 2,000 feet of that home. This is very unfair and one-sided," he said.

Guichelaar added: "If I can't build a barn within 2,000 feet of his house, then he should not be allowed to build a house within 2,000 feet of my farm."

Victor Reist, Bloomingdale, urged that any city person moving into a rural area "should be compelled to sign a legal document to the effect that he accepts conditions found in the country."

Ratepayers Protest to Premier

In spite of the fact that approximately two hundred residents of Deseronto recently wrote to the government expressing concern about the cost of the town's sewer services, no reply has yet been received. Because of this, the Ratepayer's Association is trying a different approach and at the meeting held on Thursday, April 12th., nineteen members of an action group signed the following letter to be sent, along with an attached brief, to the Hon. William Davis, Premier of Ontario.

The letter reads:

Deseronto, Ont.
K0K 1X0

Hon. William Davis,
Premier of Ontario,
Queens Park,
TORONTO, Ontario.

Dear Sir:

We are writing this letter on behalf of the Ratepayers of the Community of Deseronto.

As you are probably aware a great deal of concern has been expressed both to you and to your party representatives, over the last twenty-four months, with regard to

the provincial sewage system installed in the town of Deseronto. This concern has not abated, but, rather, has increased to an almost intolerable level.

Enclosed is a copy of a letter, now over a month old, which was sent to the Ministry of Treasury, Economics and Intergovernmental Affairs by approximately two hundred residents of this community. No reply has been received to this letter to date. We are aware that a special meeting was called shortly after this letter was mailed. The attendance at that special meeting was restricted to the town council, the public utilities commission, the town clerk, the secretary-manager of the public utilities commission, and a representative of the Ministry of the Environment. No information was made public either at the conclusion of the meeting or at any time thereafter.

The attached brief will give a recapitulation of the situation and of why we feel there is a possibility of undue government influence.

Knowing your reputation for fair play and your interest

in the individuals of your province, we are sure you will give this matter your prompt consideration and attention.

Respectfully yours,
(signed on original by 19 members of Action Committee)

Copies of this letter were also sent to Robert Nixon, Leader of the Opposition and to Stephen Lewis, Leader of N.D.P.

The brief, which was attached to the letter stated that:

THE PROVINCIAL GOVERNMENT, the Ministry of the Environment, states that the charge to the average household (under the new subsidy) should be no more than \$130. per year for sewage treatment facilities.

WHEREAS in Deseronto the charge to the average household is approximately \$190. per year based on the following: a surcharge based on a percentage of the water bill and billed by the public utilities commission which averages \$150. annually, a connection and a frontage charge billed on the tax bill which averages \$42. annually for

both.

WHEREAS an estimated overcharge of at least sixty dollars per household annually is being imposed on the people.

WHEREAS there are a minimum of four hundred homes involved.

THEREFORE at the present rate of charges an estimated SURPLUS could be over TWENTY THOUSAND DOLLARS by the end of 1973.

QUESTION: IS IT LEGAL TO OVERCHARGE THE PUBLIC TO BUILD UP THIS KIND OF UNREALISTIC SURPLUS?

WHEREAS there has already been one reduction made in the charges to the town of Deseronto prior to the start of the billing to individual households.

WHEREAS this reduction was never taken into consideration in the householders' billings - never passed on to the individual householder.

THEREFORE THE TOWN got the REDUCTION. The PEOPLE DID NOT.

QUESTION: Is this in the best interest of the consumer for

Continued on page 2

Ratepayers

Continued from page 1

whose benefit the project was instituted.

WHEREAS when you take into consideration that Deseronto is in a very low income bracket and has a large percentage of people on fixed incomes.

WHEREAS Deseronto is a municipality in dire financial circumstances.

QUESTION: DOES THIS SEEM REASONABLE?

WHEREAS when you take into consideration that the mill rate in Deseronto is already over 150 mills and will probably go up even more for 1973 since the salaries of all town employees have been raised and all expenses proportionately increased.

QUESTION: DOES THIS SEEM LOGICAL?

WHEREAS the Ministry of Treasury, Economics and International Affairs, the

Ministry of the Environment, the municipal council, and the provincial member of parliament have all been made aware of the citizens' concern regarding this matter.

WHEREAS no-one in the Municipal or Provincial Government has disputed that the rate should be reduced to \$130. but neither have they given any indication, whatsoever, WHEN or IF the reduction will take place.

QUESTION: WHAT CAN PEOPLE DO?
WHERE CAN THEY GET HELP?
TO WHOM CAN THEY TURN?

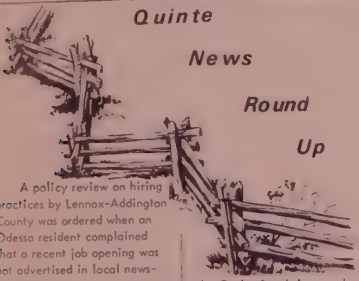

The members of the Association hope that this direct approach may succeed where all else has failed and the mood of the meeting was reasonably optimistic.

It was pointed out at the same time that some local stall their own treatment facilities as the one planned for the town was "too expensive" for them. Another comment concerned the village of Wellington, quote, "the provincial government wished the sewage system on the village of Wellington so much that it was given the village for the sum of \$100.95 per year."

Quinte

News

Round Up

A policy review on hiring practices by Lennox-Addington County was ordered when an Odessa resident complained that a recent job opening was not advertised in local newspapers.

Mrs. Carla Cerisano said all positions to be filled by the county should be advertised in local newspapers to give the public an opportunity to respond.

Walter Drechsler of Picton has been named as president of the Children's Aid Society of Prince Edward by the board of directors. He succeeds Mrs. Barbara Holt. Other officers are William Miramontes, vice-president; Elwood Patterson, treasurer; Mrs. Mae Shannon, secretary.

Prince Edward Collegiate Institute of Picton Tuesday won its third provincial safety awareness championship in four years.

The school defeated Riverside Secondary School from Windsor in the final played at the Royal York Hotel.

Members of the winning team were George Wandless, John Wemekamp, Mark Vincent and Dennis Conley.

Awards and trophies were presented by Dr. E.E. Stewart, deputy minister of education in Ontario.

Three youths escaped with shock and exposure when their small boat upset near

the Outlet Beach last week. They were taken to Prince Edward County Memorial Hospital for treatment and observation.

The three had been out in a 12-foot boat when it overturned. Provincial Police used another boat to bring the three safely to shore.

Village of Wellington officials have received word that the proposed sanitary sewage system has been tentatively approved by the Ontario Municipal Board.

The system will be a lagoon system with chlorinated effluent. It is expected the system will operate at a treatment efficiency of better than 98 per cent.

Prince Edward County constable Earl Marvin of Wellington last week won second place in a car shoot sponsored by the Hamilton Gun Club at Vine Mount.

Second prize was a Winchester valued at \$875; he also won 50 silver dollars as a prize in another division.

Amherst Island trustee Bruce Caughey bemoaned the fact that "Children under the county system should have equal opportunities, but rural

Mrs. Kay Hood
396-2119

Mrs. Lottie Anderson attended the 80th birthday party of her sister Mrs. Pearl McRae on Sunday. It was held at the home of Mrs. McRae's son and daughter-in-law, Mr. and Mrs. Claude McRae and Donald in Lonsdale. Her immediate family, who could be there with her, had dinner at the noon hour, and during the afternoon many neices and nephews called in to wish her "Happy Birthday". Among the many lovely gifts were one

dozen long stemmed roses from her children, also a corsage from her grandson Donald. In all, around 90 guests called on her through the day to wish her much happiness.

Dinner guests on Friday evening of Mrs. Lottie Anderson were her great neice, Miss Cathy Sullivan, who is a nurse at Hotel Die Hospital, and Colin Galigan of R.M.C. Kingston.

Mr. Norman Dimmell of Ottawa spent the weekend with his mother Mrs. C.F. Dimmell.

The W.M.S. and Ladies Aid of the Church of the Redeemer met at the home of Miss Gladys Pearson on Thursday evening, April 12th. Ten members were present. The president, Mrs. Kay Hood, led in the devotion period, opening with the hymn "When I Survey the Wondrous Cross". Mrs. Beryl Herman and Mrs. Blake Moore read the scriptures, with Mrs. Eric Quirk leading in prayer. Mrs. Moore sang a lovely solo, "Christ Arose", accompanied at the piano by Mrs. Dorothy McCulloch. Mrs. Hood gave a

reading on the Northern Indians and the work done by the Mennonites at a settlement at Deer Lake. They are now moving on and opening a new settlement. They go with the feeling the Lord will provide their needs. They are a very dedicated people. The government has taken over the school and care of the Cree Indians living there, but the Mennonites are having a young minister come in and look after the church and Sunday school.

Mrs. Moore read the copy of the funeral service of the late Pastor J.M. Stone who died Feb. 25th, age 59, at Upergrev. He was a former minister of the Church of the Redeemer, and Camden East Church and had many friends in this area.

Minutes were read and roll call taken. Mrs. Albert Walker gave the treasurer's report, which showed a substantial balance.

Mrs. Hood reminded the ladies of the Rummage Sale, April 28th. They decided to have it open for a little while on the Friday evening too. Each member was asked to bring a small item to the May meeting for an "Auction Sale", proceeds for missions. The meeting closed with the Mizpah Benediction. Refreshments were served by the hostess and committee and a social hour enjoyed by all.

There was a good turnout of local ladies to hear Mrs. George Ward, R.N., speak on "What All Women Should Know" at Stover Hall on Wednesday last, April 11th.

The introduction of Mrs. Ward by Mrs. Evelyn Hawley was preceded by a few words of thanks from Mrs. Dickinson, Area Campaign Chairman for the Cancer Society, to all those who give their services at campaign time, year after year. Mrs. Ward's talk was most informative and a question and answer period followed which was greatly taken advantage of.

A vote of thanks was extended to Mrs. Ward by Mrs. Lorna Hendry who also presented Mrs. M. Dickinson with a contribution on behalf of the United Church Women to kick off the Cancer Campaign.

The evening concluded with the serving of a tasty lunch and a chance to chat.

What Council Did

at their regular meeting held on Monday, April 16th.

* Heard a request from the local Ratepayers' group for a town clean-up which brought forth an offer from Reeve George Lyons that the Lions Club would be glad to do this. This resulted in a motion being passed to the effect that the matter be put into the Lions Club hands to do a clean-up with the co-operation of the streets department.

* Turned over to the streets committee a request from Metcalfe Foods for more work to be done on Mill Street.

* Heard a request for financial assistance from the chairman of the Quinte Santa Claus Parade group. Twenty-five dollars was the suggested sum (Deseronto did take part in last year's parade in Napanee with an entry of the Quinte Twirlers). The matter was put in the hands of the Finance Committee.

* Received a reply from Clarke Rollins, MPP in refer-

by Mrs. Margaret Jackson

ence to the petition sent the government concerning the Shelter Rebate Plan. He has assured Council that he will endeavour to do everything possible to help us.

* Received a letter from the Planning Consultant regarding the town map. After much discussion it was decided to return the map as is, together with goals and objectives, by registered mail. It was suggested that the press be asked to publish this as a news item to keep the public informed as at a later date there will be a public meeting held. Arising from this the following motion was carried, "the map be made available to the press as a news item until Thursday afternoon."

* Placed on active file a letter received outlining what help is available for those suffering flood damage due to the high water level of the Great Lakes. It was noted that the water is high around the sewage filtration plant.

* Authorized payment of a bill for \$168.00 submitted by the Ministry of Transportation for four soil tests carried out at the Arena site.

* Learned that the Streets Committee has decided to operate the Streets Dept. with only two permanent men (one recently resigned) and will

hire additional help as needed.

* Granted authorization to the Streets Committee to purchase street signs to the approx. value of \$300.00. This purchase to be made after the bylaws are passed.

* Granted increases in salary to the following: - (all retroactive to Jan./73) Mrs. Brooks, caretaker, an increase of \$350.00 making a total of \$1500 per year (this was the first increase in five years for Mrs. Brooks).

To the two school crossing guards, \$5.00 a month (\$60.00 per year).

To the Police Office Attendant, \$5.00 a week (\$260.00 per year).

* In connection with sewage charges the following motion was carried:-

"That council request the Ministry of Environment to proceed as quickly as possible to revise the sewer rates according to the new subsidy to bring the charges more in line with the suggested standard of \$130 per year and to avoid any more overcharge being made."

* Heard from the recreation committee that at the present time only a Bantam baseball team is planned for under the direction of Mr. George Barker. Authorization was given the committee to proceed with improvements to the ball park at the public school to a maximum of \$350.00.

* The subject of ownership of West street came up for discussion. It is questionable as to whether the Reserve or the Town own it. At a hearing held in 1969 the Judge adjourned the hearing to allow the parties to get together on this matter but nothing has been heard since. Council agreed to have the town solicitor investigate the matter.

* Learned that:- May 13th to 20th has been designated as Police Week. Daylight Saving Time commences on Sunday, April 29th, at 2 a.m.

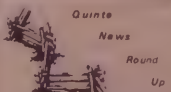

Grass fires are becoming a problem and costing money. Work on the sidewalks of Thomas Street will commence next Monday.

The 1956 GMC Fire Truck needs a new exhaust system.

Before the meeting adjourned Mayor James Sharpe made the announcement that he was now completely hooked up to sewers.

TYENDINAGA NEWS

Any Tyendinaga Township people interested in baseball, either Softball or Hardball, are invited to attend an organization meeting at the Tyendinaga Township Hall, Melrose, at 8:00 p.m. on Tuesday, April 24th.

Continued from page 2

children are not getting it. They are being neglected."

Lennox and Addington County councillors last week voted to apply to the province for a \$192,000 loan to renovate the county jail into a museum under the winter capital projects fund. The county museum is now cramped into a small room in the memorial building on Dundas Street, although the valuable collection of antiques and archives are steadily growing.

Bell Brothers general contracting firm of Kingston was awarded the \$497,230 construction project for Amherstview's new public school. The decision was made at the regular meeting of the Lennox and Addington County Board of Education.

Title: THE CURSE OF THE
L.C.B.O.

Text: Isaiah 5:11,12;
Proverbs 20:1

Alcohol is becoming an ever-increasing problem in our society today. Not only is alcohol a curse to Ontario, but I would dare say that it is a curse to the whole of Canada, it is a curse to this society of ours that is searching for a meaningful life; it is a curse to families because these families often fall apart; it is a curse to the highway; and it is a curse to the young

people of Canada.

Alcohol is a curse because it clouds the brain, it depresses the nerves, it distorts the vision, and it weakens and slows down muscular reactions. And the man (LCBO) who sells beer, wine or whiskey sells a product to his community that not ONLY IS NOT BENEFICIAL to the community, but it is positively detrimental to the public by causing traf-

fic deaths, moral declensions, criminal violence, domestic strife and social decline. I could go on, but all I can say is, that our community, our province and our country would be far better off without the sale of Alcohol. If you are searching for a positive answer to life, do not turn to Alcohol, but TURN TO JESUS CHRIST, because He is the only answer to eternal happiness.

Notice

OF APPLICATION to the Ontario Municipal Board by The Corporation of the Town of Deseronto, for approval of a by-law to regulate land use passed pursuant to Section 35 of the Planning Act.

TAKE NOTICE that the Council of the Corporation of the Town of Deseronto intends to apply to The Ontario Municipal Board pursuant to the provisions of Section 35 of The Planning Act for approval of by-law number 4-73 passed on the 5th day of March, 1973. A copy of the by-law is printed below.

THE CORPORATION OF THE Town of Deseronto

BY-LAW NUMBER
4-73

A BY-LAW TO AMEND BY-LAW NUMBER 1466 BEING A BY-LAW TO REGULATE THE USE OF LANDS, THE LOCATION, CHARACTER AND USE OF BUILDING AND STRUCTURES IN THE TOWN OF DESERONTO.

THE COUNCIL OF THE CORPORATION OF THE TOWN OF DESERONTO ENACTS AS FOLLOWS:

1.

- (a) That Section 4.0 of the residential zone be amended by the inclusion of the word clinics immediately after Nursing Homes.
- (b) That Sub-section 4 (1) (a) be added to the Residential Zone and inserted immediately after Section 4, Sub-section 1 as follows:

4 (1) (a)

Clinic is defined to mean a building or portion of a building used solely for the purpose of consultation, diagnosis and treatment of their patients by one or more legally qualified physicians, dentists, optometrists, chiropractors, chiropractors or drugless practitioners, together with their qualified assistants, and without limiting the generality of the foregoing the building may include administrative offices, waiting rooms, examination rooms, treatment rooms, laboratories and pharmacies used in connection and forming part of the practices, but shall not include accommodation for in-patient care or operating rooms for major surgery.

THIS BY-LAW shall not come into force and take effect until approved by the Ontario Municipal Board.

Read a first time this 5th day of March, 1973,
Read a second time this 5th day of March, 1973,
Read a third time this 5th day of March, 1973 and finally passed.

"Samuel E. Knapp"
Clerk

"J.W. Sharpe"
Mayor

A note giving an explanation of the purpose and effect of the by-law and stating the lands affected thereby is also furnished herewith.

ANY PERSON INTERESTED MAY, within fourteen (14) days after the date of this notice, send by registered mail or deliver to the clerk of the Town of Deseronto at Box 310, Deseronto, Ontario, notice of his objection to approval of the said by-law, together with a statement of the grounds of such objection.

ANY PERSON wishing to support the application for approval of the by-law may within fourteen (14) days after the date of this notice send by registered mail or deliver to the clerk of the Corporation of the Town of Deseronto, Town Hall, Deseronto, Ontario, notice of his support of approval of the said by-law together with a request for notice of any hearing that may be held giving also the name and address to which such notice should be given.

THE ONTARIO MUNICIPAL BOARD may approve of the said by-law but before doing so it may appoint a time and place when any objection to the by-law will be considered. Notice of any hearing that may be held will be given only to persons who have filed an objection of notice of support and who have left with or delivered to the clerk undersigned, the address to which notice of hearing is to be sent.

THE LAST DATE FOR FILING OBJECTIONS will be April 26th, 1973.

DATED at the Town of Deseronto, this 11th day of April, 1973.

S.E. Knapp,
Clerk-Treasurer
Box 310,
331 Main Street,
Deseronto, Ontario.

SUMMARY

The purpose of By-Law 4-73 is to amend the provisions of zoning By-law 1466 to provide for the erection of a clinic or clinics in the residential zone of the Town of Deseronto. The type of clinic to be erected is defined in amending By-Law 4-73. At present the residential zone provides for rooming houses, row houses and nursing homes, but does not provide for the erection of clinics.

Second Class Mail - Registration No. 1738. Deseronto, Ontario.

Wednesday, April 25, 1973

Volume III - No. 33

Mr. Cecil Crawford, 82, a well-known resident of Green Street, Deseronto appears on this photograph of the 1932 Detlor Hockey Team. Mr. Crawford was Chief of Police in Bancroft before coming to Deseronto as Chief of Police in the 1930's.

Shown in the Photograph are, from left to right: back row: Maurice Adams, Keith Hargraves, Bob Clemence, Cecil Conlin, Wilfred Crawford. Front row: left to right, Wes Ami, Jack Milne, Herman Snider, Jim Milne, and Cecil Crawford.

The photograph was sent to Mr. Crawford by his niece in L'Amable.

Deseronto

The last meeting of the Deseronto Ratepayers Association was held April 12th at the Public School and was chaired by Mr. Jack de Boer.

A decision was made to have "the Community Centre and its Future" as a topic of discussion at the next meeting to be held Thursday of this week (April 26th) at the Public School, 8 p.m. All committees have been invited, as is the general public.

A letter was sent to the Town Council requesting that a Clean-Up Campaign be instituted with the result that the Council has authorized the Deseronto Lions Club to organize a clean-up week and that the Streets Depart-

Ratepayers

ment will assist thru the use of their equipment. Dates of the clean-up will be made known at the next meeting of Council.

The meeting was informed that the face of the Post Office clock facing west will be in working order in about a week's time. This has since taken place and the Ratepayers are glad to have played a small part in having the clock restored to usefulness.

There was also some general discussion on Hydro Bills and Rates. This subject to be dealt with more fully at a later date and the proposed Evening Classes for Deseronto next fall were brought to the attention of those present.

Medical Centre Project

There was welcome news for the members of the Deseronto Lions Club at their last meeting. The Club secretary, Mr. Clayton Moon, who is also a member of the Firemen's Association, told the members that the Firemen's

Association had voted to furnish a consulting room in the new medical centre at an approximate cost of \$500.00. The room will contain the normal furnishings for a doctor's consulting room, including an examination table.

Local Guide Honored

Kathy Johnson, a Girl Guide with the 2nd Deseronto Company, has been informed that she is one of the twenty Guides accepted from the Province of Ontario to attend a camp to be held in Cleveland, Ohio.

This camp is known as the "1973 Cadette Pot Pourri

Encampment" conducted by Girl Scouts, U.S.A., Lake Erie Council and runs from August 6th to 18th. Kathy was the only entry from the Quinte Division and in being accepted has brought honour not only to the District and Division, but to her local company.

Fill'er up with manure

For Harold Bate this whole noisy business about the energy crisis and auto pollution is a load of nonsense.

He has been running his car for nearly 17 years on pollution-free, exceedingly high octane pig manure.

Furthermore, for \$33, including postage, he will send you a converter device and full instructions on how you, too, can run your car on manure - pig, cattle, chicken, dog, or almost any variety.

Bate is not a nut. He is an inventor, and his system works.

He distills methane gas from the manure, puts the gas into small steel cylinders which fit in the trunk of his car, and runs a small hose from the cylinder to the engine.

The heart of the system is a small valve that operates on suction created by the carburetor and feeds the methane gas into the engine.

He calculates that about 100 pounds of pig manure produces a volume of methane gas equivalent to about eight gallons of gasoline.

"It's very high performance stuff," said Bate, who is 65. "You can't get an engine

to knock on it, you can even start off in high gear. Coming back from London the other week I got up to 78 miles per hour on the motorway (expressway)," which is not bad going, especially for Bate's superannuated 1955 Hillman.

There is no pollution, no smell at all, from the methane fuel. A further benefit, according to Bate, is that the residue of the manure from which the gas is produced makes excellent fertilizer.

While accessibility may be a problem, Bate thinks manure (including human excreta) and the methane gas that can be produced from it should be considered an important energy source.

"It's the only alternative," he said, "Oil is drying up, the world's running out (of other fuels) but as long as we have humans and animals there'll be methane gas."

One human, Bate calculates, produces enough waste each day to make "one cubic foot of methane." It takes, by his calculations, about 30 cubic feet of methane to equal one gallon of gasoline.

from Chicago Daily News

Quinte News Round Up

A. Douglas Alkenbrack, MP, Frontenac-Lennox and Addington, has allied himself with a number of Napanee area women who are circulating a petition against the imposition of the seven per cent sales tax on hydro and energy announced last week by the Ontario Government.

Mr. Alkenbrack has been quoted as saying it is "clumsy and crazy" and that he is "willing to support any effort to have it removed". He said it bears most heavily on the poor, the aged, and those with large families.

At least six Napanee area women are associated with the petition which Mr. Alkenbrack has signed. The sponsors

plan to send it to Premier William Davis with copies going to the two opposition leaders.

The new assistant agricultural representative for Prince Edward County is Richard Hendry, a native of Perth in Lanark County.

Mr. Hendry will commence his duties on May 1.

The Boy of Quinte High School badminton trophy will remain in Napanee District Secondary School for the second consecutive year.

The high school captured the trophy by accumulating 48 points. Quinte Secondary School of Belleville were second with 45 points.

Napanee lawyer Barry Young was elected a regional vice-president of the Ontario Liberal Party at the association's annual meeting in Ottawa. He will serve on the party's executive, representing all of Ontario east of Toronto, an area which has 22 federal ridings and 31 provincial ones.

About \$7,000 in cheese is estimated to have been lost when fire broke out in Ben Hill cheese factory, just east of Highway 14 and south of Mountain View last Thursday.

Damage centrepiece was the factory's curing room, where about 1,100 lbs. of cheese was in storage.

J.H. McFarland Construction Co. Ltd., has been awarded a \$307,387 contract by the Ministry of Transportation and Communications, for hot mix paving and patching on Highways 7, 14, 33, 37 and 62. Work is scheduled

to get under way May 15.

A two-man student team representing Prince Edward Collegiate won the 1973 Chrysler Trouble Shooting Contest Regional Contest held at the Quinte Mall in Belleville. They are: David Leslie, 17 and Randall Tarzwell, also 17. The Pictou team also won a special trophy for writing an examination and took first place in the regional contest for the third year.

Additional grants for municipalities in Prince Edward County are calculated to total \$330,000 for 1973, based on the recently announced Ontario budget for this year.

The figures were supplied by James A. Taylor, MPP for Prince Edward-Lennox.

It is expected that most municipalities will take advantage of the additional funds to maintain or lower mill rates this year.

James Taylor, Prince Edward-Lennox MLA said even people who do not pay income tax must now complete forms for property rebates and sometimes experience difficulty.

He suggests that retired people with "expertise" should assist citizens to fill out government forms.

The new visitors' information centre at the Lennox Generating Station will operate on a seven-day a week basis. Public visiting hours are from 9 a.m. until 5 p.m.

From July 1, 1972 to early April of this year nearly 7,000 guests toured the facilities there.

It is hoped that the Prince Edward County Museum located in the former St. Mary Magdalene Anglican Church, will open by July 1.

The county museum committee is now planning the exhibits and is asking citizens of the county to loan or donate.

NOTICE

RE: DAYLIGHT SAVING TIME

By Resolution of the Municipal Council and in keeping with past practice, Daylight Saving Time will be effective in the Town of Deseronto, from 2:00 A.M. Sunday, April 29th until 2:00 A.M. on Sunday, October 28th, 1973.

The co-operation of all citizens is respectfully requested.

J.W. Sharpe,
Mayor.

S.E. Knapp,
Clerk-Treas.

Johnson has announced they have been able to get "Lt. Robinson Crusoe" for this first venture of showing movies.

Mr. and Mrs. A.J. Brim of Ottawa, Mr. George Brim and son Robert, of Grimsby were weekend guests and Mr. and Mrs. F. McKnight of Kingston, were Sunday visitors, of their parents, Mr. and Mrs. A.J. Brim, Mill St.

Mrs. Harry Rosborough of Picton and Mr. and Mrs. Harry Rosborough of Big Island were guests of Mrs. J. Hines, Mill St.

The Skyway District Girl Guides will be holding their First Jamboree on May 8th in Deseronto.

Mr. and Mrs. Don MacMillan spent the holidays with their daughter and son-in-law Mrs. Paul Sevcik and Mr. Sevcik of St. Hubert, Quebec.

Mr. and Mrs. Roy Watson, Raymond and Tammy of Weston, spent the Easter holidays in town visiting their parents.

Easter guests of Mr. and Mrs. Reginald Wagar and Roxanne were their daughter, Mrs. Edward Manion and Mr. Manion of Pembroke.

Miss Gladys Pearse and Mrs. Dorothy McCullough were recent visitors at the home of Mrs. McCullough's daughter and family in Brockville, when two of her grandsons joined the church.

Don't forget the Presbyterian Rummage Sale Friday evening 7 p.m. to 9 p.m. and Saturday from 9 a.m. April 27th and 28th.

Happy to hear Mrs. Doris Reid has returned home from the Lennox and Addington Hospital.

Weekend visitors of Mrs. Madeline Thompson and family were Mrs. Eileen Plumptre and grandson Steven Howslett of Toronto.

WEDNESDAY

May 2 nd

**10 am to 6 pm
One Day Only**

ST. MARK'S A.C.W.

The regular meeting of the evening branch of St. Mark's A.C.W. Deseronto was held in the Parish hall on Monday April 16th at 8 p.m. with twelve (12) members answering the roll call. The group welcomed five guests, Mrs. Harvey, Mrs. Wm. Barker, Miss Kay McFarland, Mrs. Betty White and Mrs. Jean Johnson.

The "Call to Worship" Litany and Scriptures were read from the Living Message by Mrs. A.G. Wahelin, Mrs. Betty Bell and Mrs. Hil-da Provins, followed by prayers which were read by all present. The group then joined in singing the hymn "Glory Be to Jesus."

Treasurer's report was

given by Mrs. Linda Brown and Secretary's report by Mrs. Joan Claus.

President, Mrs. Ruby Tucker then discussed the forthcoming calendar of events which includes a Congregational Pot Luck Supper Wednesday April 25th, a hayride on Friday, June 8th and a Harvest Bazaar and Tea on Tuesday October 23rd. The meeting was then brought to a close with the A.C.W. prayer recited by all present.

A delicious lunch was served by Miss Alice Jackson and Mrs. Marg Lyons, hostesses for the evening. Followed by a fashion show of hats and a touch and take sale which was enjoyed very much by all.

Baseball

Deseronto Bantams baseball team has been entered in the E.O.B.A. and will play a 20 game schedule against Belleville (major A), Thurlow and Frankford (Class C). Dates and schedule will be received from the E.O.B.A. at a later date. The first practice was held last Thursday at which time rules that the boys must go by were laid down and coach Dougie Green put the players through a brisk but brief work out and has promised them much more of the same.

Players and positions are as follows:

Manager - George Barker
Coach - Doug Green
Co-ordinator - Del Wannamaker Sr.

Kevin Barker - Pitch
Danny Thompson - Short stop
Del Wannamaker - 1st base
Steve Harturck - 2nd base
Daryl Van Vlack - 3rd base
Gary Rendell - C.F.
Pete Anderson - L.F.
George Brant - Catch
Duane Goodberry - R.F.
Earl Harrow - utility
Dale Loney - 2nd base
Danny Punched - Pitch

Regular practice is to be held every Wednesday evening at 6pm. and all players are to be there or lose their place on the team. Four more players can still be signed so any players of bantam age that are interested, come to the ball park, Wednesday night.

OBITUARY

SMITH, Mrs. Marie Margaret, 164 Brant Street, Deseronto passed away at her residence April 21, 1973, in her 72rd year. She is the daughter of the late Michael Gartland and the late Margaret Driscoll. She is the beloved wife of Franklyn Smith and dear mother of Helen Veronica (Bonnie) Peets, Deseronto, Michael, Demorestville, Frederick, Petawawa, Thomas and Joseph both of Deseronto. She was predeceased by a son Franklyn. She is survived by 18 grandchildren. She is the dear sister of Mary Ellen (Mrs. William Gilhooley), Belleville, Rose, (Mrs. Harry Cole), Belleville.

Mrs. Smith was a member

of the C.W.L. of St. Vincent de Paul Church. Funeral service was April 23, 1973 at 11:00 a.m. from White and Morris Funeral Home. Interment St. Vincent de Paul Cemetery, Rev. Van der Heijden officiating.

Pall bearers were: Gerald Lawlor, Bernard MacMillan, Terry Whalen, Ron Conger, Carl Tinney, Jack Therrien.

AS BRAVE AND FRIENDLY AS HE'S BIG

Shadow was a huge Newfoundland and was one of the best dogs anyone could have known. He was always friendly with the kids around the neighbourhood and always greeted them with a friendly "paw" shake and a lick on the face. Some times when I would feel "down in the dumps" as the expression goes, I would go

and talk to Shadow. Sometimes when he barked it would seem as if he was answering me. It was at those times he didn't feel like a dog to me but as a brother. Shadow was always friendly with babies and would not snap or growl at them. When he became tired he simply moved away.

As you know Newfoundlanders are known as lifesavers. I once read in a book that "many a mother has blessed the dog who has faithfully guarded her small children as they played in the water." Shadow was like that and always stayed with us when we went swimming. Once my grandfather wanted to test Shadow and he jumped into the water and swam out away. Sure enough Shadow swam out

and pulled my grandfather into shore by biting his swimming trunks. Shadow always seemed to over-do his job as a lifesaver but I guess that's because he loved us.

Mary M. Hird.

LOVE IS:

Love is walking in spring rain,
Love is riding a fast train.
Love is giving a new toy,
Love is sharing your 'rother's joy.
Love is getting schoolwork right,
Love is stopping mom and dad's fight.
Love is buying a new book,
Love is catching fish on your hook.
Love is learning something new,

Love is getting kissed too.
Love is loving.

THE HASTINGS COUNTY BOARD of EDUCATION BUDGET 1973

The Hastings County Board of Education has established an expenditure budget for 1973 in the amount of \$24,492,000. The increase over the 1972 budget is only 8.8%, the lowest percentage increase since County Boards came into being. The annual percentage increases have been drastically and gradually reduced from 17.5% in 1969 to 8.8% in 1973.

The budget meets the ceiling requirements of the Ministry of Education and of necessity is non-expansionary. The restrictions imposed have required a re-ordering of priorities and the only new program introduced is "Curriculum Development". This is a direct outgrowth of the studies of the Board's Curriculum Understanding Committees undertaken during 1972 and is designed to follow-up in a number of areas of concern identified at that time.

The Ministry of Education has for the first time made available the limits on spending for two years, both 1973 and 1974. Because the additional amount available in 1974 will be considerably less than the additional amount available in 1973 - an estimated increase of about 4.5% - and because it is unwise to build in costs and people in 1973 that would have to be eliminated in 1974, every economy has been implemented to reduce expenditures in all phases of accommodation and administration. In the Secondary Schools, despite these economics it will not be possible to replace teachers who resign or retire, nor to hire the twelve additional teachers who would have been required based on formula application to predicted enrolments for September, 1973. This unfortunate change reduces the staff in Secondary Schools by 25 beginning September, 1973. Fortunately, through a combination of attrition and forward planning, it will not be necessary to discharge any teachers in Hastings during the current budget year.

The Trustees are aware that this staff reduction threatens the quality of learning that the Board has struggled to provide. The County is now back to a staff-pupil ratio that existed in 1969 when the Board was formed. The Trustees plan to co-operate

with various groups in the County in approaching the Ministry of Education to request consideration of the educational and financial implications of the budget position, complicated by declining enrolments in the Elementary Schools and an accelerated "drop-out" rate in the Secondary Schools.

The Province's share of the total expenditure in Hastings County is up a fraction of a percent in 1973, in spite of press releases which indicated the Government would improve its proportion by 2%. In 1972 the Ministry of Education infused the grant structure and produced an artificial tax reduction for most municipalities. This infusion has not taken place in 1973 and therefore the tax requirements are returning to their normal relative positions. Thus the tax requirements in 1973 compared with the more normal base of 1971 reveals an increase of only 5.1% for two years, or an average increase of 2.6%. This is illustrated in the schedule attached.

Of the 29 Municipalities in Hastings County, 16 are still enjoying a subsidy from the Ministry of Education. The subsidy is designed to restrict the rate of annual increase in mill rate in a municipality. The 1973 regulations accelerated the rate of increase allowed with the result that the relative increase in mill rates for municipalities with subsidies is greater than for those municipalities without subsidies. It is evident from the schedule attached that the 16 municipalities with subsidies are generally required to contribute at a smaller equalized mill rate than those municipalities without subsidies.

In summary, the Board has produced a non-expansionary budget within the ceilings prescribed by the Ministry of Education, which retains the present status of the Elementary Schools, but imposes some unfortunate restrictions in the Secondary Schools. The implications for Trustees are summed up in the necessity to approach the Ministry. The implications for taxpayers are indicated by the example that on a dwelling with a \$15,000. sale value, the increase in taxes for educational purposes will average \$20. in 1973.

Cards Of Thanks

I would like to thank all my friends who sent cards, and a special thanks to Art Hill and family for the lovely flowers while I was a patient in Belleville General Hospital.

TEXT: Exodus 20: 1-3
Title: Thou Shalt Have No
Other Gods

People today think that when we moved from the Dispensation of Law (the time of Priesthood) to the Dispensation of Grace (the time when an individual is able to deal directly with God) we were made exempt from the Old

Testament (the ten commandments), which are now thought of as old-fashioned. But it is to be noted that Jesus not only upheld the Law of Moses, but He also endorsed it (Matt. 5: 17-19; Luke 16: 16, 17; 24: 44). The law was not laid down for God's benefit, but for ours - if we break it, there is a penalty. We are only fooling ourselves when we say the Ten Commandments are old fashioned. Natural Laws governing waters, electricity, gravity, etc. cannot be defied and neither can the laws governing the conduct of man. God commanded, "Thou shalt have no other Gods before me."

It isn't always an idol or a molten image of some sort that comes before God.

Anything that takes first place before God in our lives that leaves us no time to read the Bible and pray, that something is a false god and is sin. That something could be greed, hatred, pleasures, habits, or even a job. I could go on about the many false gods that people worship. But I stress that we get back to obeying the Word of God starting with the first commandment, "Thou shalt have no other gods before me. God will give all blessings to those who give Him first place in their lives. All we need do is ask God to reveal Himself and He will.

ate artifacts prior to 1867 and also to suggest themes for the exhibits.

Douglas Alkenbrack, MP for Frontenac, Lennox and Addington, has called for the imposition of speed limits on vessels in the Bay of Quinte area to deter wash damage to shoreline properties.

Transport Minister Jean Marchand replied in the House of Commons that he would look into the problem.

Construction of an 80-room Holiday Inn north-east of Napanee at Highway 401 and the Palace Road is expected to begin on schedule later this month.

However, there may be a short delay in construction resulting from legal complications, said the company spokesman. He did not elaborate.

The food in the famous Parliamentary Restaurants is about to become even better. Jack Ellis, M.P. for Hastings, a former salesman, has convinced the Parliamentary Restaurants that they should use the finest quality cheddar cheese on their cheese trays.

Mr. Ellis frequently takes cheese from the various factories in Hastings County to Ottawa for the members who appreciate its excellent taste. On Monday, April 16th, he delivered a first order of forty pounds to the restaurants.

"I don't mind taking the bit of extra time to deliver it, especially until they get into the habit of buying it regularly," said Mr. Ellis.

In addition, Mr. Ellis has a number of examples of Hastings County produce in his office and expects to enlarge the display. "I am proud of our County and try to sell it at every chance," said Mr. Ellis.

Ontario municipalities will share more than \$180,000, 000 in extra money as a result of the budget presented to the

Legislature by Treasurer John White.

Clerke T. Rollins, MPP for Hastings is very pleased that municipalities in this riding will receive substantial extra funds this year. The money is intended to hold down property taxes.

Most of the extra money will be raised through an increase in the Ontario Retail Sales Tax.

The Town of Deseronto is to receive \$39,000.

Concerned for the welfare of the many dairy processors in his riding, Jack Ellis, M.P., Hastings, asked the Minister of Agriculture if he had considered the fact that a quarter of a billion pounds of whey, which could produce approximately 15 million pounds of pure protein annually, is available in Hastings area each year.

The Minister assured Mr. Ellis that his Department was aware of this, and are considering how it can be done in economic fashion for the benefit of all producers that have to use this protein.

Mr. Ellis was prompted to question the Minister in light of recent reports that the processing of protein may soon become a leading industry in Canada.

Mr. Ellis has arranged for appointments with both the Minister of Regional Economic Expansion and the Minister of Agriculture to follow up the matter.

Sophiasburg

Sophiasburg Town Hall was beautifully decorated by the Northport Brownies and Guides for their tea and bazaar held there last Thursday evening. The Tea Table covered with a white cloth bordered with a spring flower pattern was very attractive centred with a pot of lilies flanked by candelabra containing yellow, pink and green candles. Tables for four and more had their white tablecloths criss-crossed by green and yellow streamers. There were yellow serviettes bearing the emblem of either Brownies or Guides and dainty vases held yellow daffodils. A tea was served by the Brownies assisted by Guides, so delicious in fact that most visitors wished they had not

eaten supper beforehand. A well laden baked goods table was very popular as was the Arts and Crafts display. A large, pink Easter Bunny complete with carrot over-looked these tables and was won later in the evening by a very happy Brownie.

Draws for a cushion and octopus were won by Mr. Lee Mitchell and Mrs. Marjorie Pearson.

Before the close of the evening the President of the local Association gave a few words of praise to the girls for a job well done and suggested that such a tea should be held as an annual event.

Mrs. Peggy Allison, Retiring District Commissioner, was presented with a gift and after her few words of thanks to Brownies, Guides and their Leaders all joined in with the singing of "For She's a Jolly Good Fellow."

POLITICS

"What do you mean by insulting me in that yellow rag of a paper or yours?" roared the politician. "I won't stand for it. I demand an immediate apology."

"Just a minute," answered the editor. "Didn't the news appear exactly as you gave it to me, that you had resigned from city council?"

"Yes, it did, but I didn't intend it to be listed under 'Public Improvements.'"
